Special Interest Groups (SIGs)

DEFINITION OF A (VNUG) SIG

A Special Interest Group (SIG) is a group of VNUG members who have a particular interest in some technology, product area, business practice or service/solution, all within the context of using or affecting offerings from HP and its Partners.

AFFILIATION WITH VNUG

VNUG makes SIGs open to any current VNUG member.

CHARTER

VNUG provides forums which promote the goals and mission of VNUG; SIGs promote the interchange of IT information among its members.

Special Interest Groups (SIGs)
